

WEATHER PROOFUK

HOME IMPROVEMENTS LTD

Windows & Doors

With all of our windows and doors being manufactured in house, the cost savings are substantial due to many companies buying from a third party.

The Weatherproof UK window system is a fantastic addition to any home, adding style, warmth and above all security. With our enormous range of colours and styles, our windows are a perfect compliment for your home. We provide the best products for affordable prices for customers across the UK.

Composite and uPVC doors are a perfect replacement for old timber and worn out doors. Our wide range of doors are available in many different colours and styles, all with the best secure locking system on the market. We also offer French doors, Patio doors and Bi-folding.
